SHIMOGA DIVISION.

Notification dated 1st July 1927.

As the cane lease holder of Agumbe Forest has not deposited the necessary amount and executed a bond as per condition of sale Notification of 13th July 1926, it is here by notified that a resale of the lease will be held on 20th July at Agumbe.

Notification dated 2nd July 1927.

Sealed tenders are invited for carting of timber from the State Forest coupes of the Shimoga Division as noted in the annexed schedule, to the Shimoga Depot and to other minor depots, as noted in the schedule.

2. The tenders should be addressed to the District Forest Officer, Shimoga Division, so as to reach him on or before the 10th August 1927 at 4 P.M. Any tender received after the abovementioned date will not be taken notice of.

3. Each tender should be accompanied by an earnest money of Rs. 200 in currency notes and should be registered, insured and superscribed "Tender for carting timber." Tenders may be submitted for one or more forest coupes or for any whole range or ranges.

4. The right of accepting or rejecting any tender is vested in the Conservator of Forests who is not bound to assign any reason for accepting or rejecting the highest or lowest tender. The rate to be offered should be per cubic foot and for each depot. The successful tenderer or tenderers are required to enter into an agreement with the District Forest Officer, within a week of the intimation given to him or them, binding to observe the following conditions, in default of which, the contract is liable to be cancelled and earnest money forfeited to Government.

5. In fulfilment of the terms of the contract, he or they should deposit in the Government Savings Bank a sum of rupees five hundred in the name of the District Forest Officer. The amount is liable to be forfeited to Government for the breach of any or all the conditions of the agreement and the contract cancelled.

6. The earnest money of the successful tenderer or tenderers will be retained towards a portion of the security for the fulfilment of the terms of the contract, after the bond is executed, and of others will be returned to the parties concerned.

7. The appended schedule shows the quantities of timber in each coupe.

Conditions.

(*a*) All good and sound timber passed by the respective Range Officers should be carted to the depots as noted in the annexed schedule.

(*b*) The present contract is for the period ending with 30th June 1928 from the date of acceptance of tender.

(*c*) The minimum quantities to be carted to the depots by the contractor will be as follows:—

One-fourth of the contracted quantity by the end of November 1927, one-half of the contracted quantity by the end of January 1928, and the remaining by the end of March 1928. Failure on the part of the contractor to cart the timber as noted above entails the forfeiture of the whole or such portion of the security as the District Forest Officer deems fit. If the carting work of the contractor is slack, and that, in the opinion of the District Forest Officer, the contractor is not likely to discharge his obligations, the District Forest Officer will at once cancel the contract, forfeit the security, and make other arrangements for the carting of timber.

(*d*) No timber should be removed from the forest without obtaining a passport from the Forest Range Officer or such other subordinate duly authorised by him.

(*e*) All timber, for which passports have been obtained should be delivered in the depot, at the latest within one month of the issue of such passes. Any timber not reaching the depot within the above period will be treated as lost, and the value thereof will be recovered at the depot rates from the contractor from the amount of the next bill due to him.

(*f*) In the matter of consigning different kinds of timber from time to time, the contractor should abide by the instructions of the Range Officer.

(*g*) The contractor during the currency of his contract shall not take up any other similar contracts.

(*h*) The Range Officer at the beginning of each period mentioned in clause (*c*) will inform, in writing, the contractor the quantity of timber available for carting.

(*i*) The contractor shall abide by the rules of the department as regards kindling of fires and hold himself responsible for any offence committed by him or his agent, employees or cartmen.

(*j*) The security furnished will be returned to the contractor three months after the expiry of the contract period, if the whole or any portion of which is not forfeited to Government by the violation of any of the terms of the contract, as also satisfying that no timber is outstanding against the contractor.

(*k*) Other conditions, if necessary, will be imposed in the bond to be executed.

* 50 to 80 c.ft. of timber in each Coupe.

2. Each bidder shall deposit a sum of Rs. 25 as earnest money before he is permitted to bid, which will be returned to him at the close of the sale, if his bid be not accepted. The accepted bidder shall, immediately after the close of the sale, pay one-fourth of the sale amount less the deposit already paid, with local and education cesses at one anna and half an anna per rupee respectively on the full sale amount failing which the earnest money will be forfeited and the right will be immediately resold at the risk of the defaulting bidder. He will be liable for the loss, if any, that may accrue by such resale, which will be recovered as arrears of land revenue, but will not participate in any gain.

3. All timber-yielding trees will be sold by cubic feet, *i.e.*, the bidders will have to state the rate per cubic foot at which they are prepared to purchase such trees, fuel-yielding kinds alone being sold lumpsum for the whole coupe.

4. The District Forest Officer reserves to himself the power of accepting or rejecting any bid without assigning any reason therefor.

5. The accepted bidder shall deposit a further sum of Rs. 50 or one-fourth of the sale amount whichever is less within fifteen days from the date on which the confirmation of the sale is intimated to him and remit the three-fourths amount due by him and shall execute an agreement accepting the terms specified below, failing which, the amount already paid will be forfeited to Government and the produce resold at his risk as noted in clause 2 *supra*.

Conditions.

(*a*) That he binds himself to fell and remove the timber and the fuel he has purchased before the 30th June 1928.

(*b*) The felling shall be made in a methodical manner from one side, leaving out all standard trees marked on the area. The timber trees felled should be measured by the Range Officer, paid for at the accepted rates and then removed. All stumps of felled tree must be properly coppiced failing which no permit will be issued for the removal.

(*c*) That the timber removed and stacked in the selected spot shall be passed and the logs stamped and covered by a passport to be issued by the Range Officer or such other officer deputed for the purpose before effecting any removal outside the forest limits.

(*d*) That if any standard tree reserved by the Department at an average of 20 per acre and marked in the area is felled, he will pay a fine not exceeding Rs. 20 per tree.

(*e*) That timber or fuel shall be removed outside the forest limits before the 30th June 1928.

(*f*) That trees of one foot in girth and under shall not be felled.

(*g*) That he agrees to work out the area himself and not to sublet or transfer without permission.

(*h*) That he agrees to abide by the rules of the Departments as regards kindling of fires and holds himself responsible for any forest offences committed by his agents, employees or workmen.

(*i*) That he agrees to maintain a register in the form prescribed by the District Forest Officer for the purpose showing the number of trees felled and the outturn of timber and fuel resulting therefrom and it will be open to the examination of all Forest Officers above the grade of guards.

(*j*) That no operations should take place in the forest either before sunrise or after sunset.

(*k*) That he agrees to the cancellation of the contract and the forfeiture of his deposit for breach of any of the terms of the contract.

(*l*) The contract period lasts up to 30th June 1928, after which the purchaser will have no right whatsoever over the coupe and the timber or fuel left therein without being removed. He will as well lose all claims on the amount paid by him for the contract after that date.

The fuel that is felled should be removed as usual after obtaining passports from the Range Officer concerned.

M. A. VARADACHAR,
District Forest Officer.

As soon as the agreement is executed permission will be given to the Contractor to exploit the coupes and he must start the work within a week thereafter duly furnishing the Range Officer concerned and the District Forest Officer, Kolar District, with a list of agents and coolies. If he fails to make payments or to execute the agreement as mentioned above, he shall forfeit his deposit and any other amount that he might have paid up to the date of his default and forego his claim to the lease, which will be re-sold at his risk but without his participating in any profit that may accrue. All arrears that become due from the defaulter will be recovered as arrears of Land Revenue under Section 79 of the Mysore Forest Regulation.

7. Fellings should be completed by the end of December 1927 and removals by the end of February 1928. Fuel and poles cut must all be collected at places prescribed by Range Officers in or near each coupe and must be removed after inspection by the Range Officer. Reserved trees marked and numbered as standards, seedlings and saplings under one foot in girth and trees and shrubs yielding minor forest products, shall not be cut or injured by the purchaser or his employees and due care should be taken to protect sandal trees. For such cutting or injury the contractor is liable to pay damage at Rs. 10 per tree.

9. The trees must be felled and coppiced in one operation in such a way that the top of the bark of stumps touches the ground and will not be separated from the wood of the stumps and will not jammed or split: and the top of the stump should not exceed 6" in height above ground.

10. No fellings or removals will be allowed between 1st February and 1st May. Fellings or removals in arrears, if any, will be allowed to be done after 1st May. Conditions.

1. Each bidder shall place a deposit of Rs. 200 with the officer conducting the sale. But defaulters to the department will not be allowed to bid at the sales.

In the case of purchasers of timber in small quantities, full value thereof will be accepted, if tendered on the spot, and the payment of deposit in such cases will not be insisted upon.

2. Any person bidding at the sale may be required by the officer conducting the sale to state whether he is bidding on his own behalf or as an agent, and in the latter case, to produce a written authority duly signed by the principal.

3. The highest bidder shall ordinarily be the purchaser, but the officer conducting the sale can reject any bid or stop the sale at any stage without assigning any reason to the intending purchasers.

4. Immediately after the lot is knocked down to him, the successful bidder shall sign his name opposite the number and specification of the lot bought by him in a book provided for the purpose. Such signature shall be held as admission on his part of having bought such lot and of having accepted the terms of the sale as herein specified. All sales of which the amount exceeds Rs. 500 in each case are subject to the confirmation of the Conservator and in other cases to that of the District Forest Officer.

5. After conclusion of the sale, each purchaser shall pay 10 per cent of the amount in cash to the officer conducting the sale and obtain in return from him a receipt vouching for the payment of the one-tenth value as well as the initial deposit of Rs. 200. Should any purchaser fail to comply with this rule, the initial deposit of Rs. 200 shall at once be forfeited to Government and the officer conducting the sale shall be at liberty to resell the timber purchased by such defaulter who shall be required to make good any loss, but shall not participate in any profit from such resale. The amount due by such defaulter on account of loss from resale shall be recovered from him as a revenue demand under Section 79 of the Mysore Forest Regulation. In calculating such losses, the initial deposit forfeited to Government shall not be taken into account.

In cases of resales for default of payment of value where no bidders are forthcoming, it will be open to the District Forest Officer to fix such price as may appear to him to be reasonable and to proceed for the recovery from the defaulter of the balance, if any, after deducting the price so fixed from the original sale amount. A registered notice should be issued to the defaulter intimating the price fixed by the District Forest Officer for the unsold wood and the amount still due from him will be recovered as arrears of land revenue.

6. The deposits tendered by the unsuccessful bidders shall be returned immediately after the sales are concluded, those of successful bidders being lodged in the Savings Bank as security deposit.

7. The full value of all timber purchased shall be paid for within 30 days after the date of sale or within 15 days after the date of the notice of confirmation of the sale, whichever is later. In case of purchases of above Rs. 1,000 in value, the purchaser shall be permitted to pay up the balance in instalments of not less than Rs. 1,000, provided the full value is paid not later than the 15th May 1927. The moneys shall be paid into such treasury as the District Forest Officer may direct, within the time specified.

8. If the amount is not fully paid for by the purchaser before the dates fixed above, the initial deposit as well as the other moneys already paid in shall be forfeited to Government and all or any portion of the timber not fully paid for shall be resold at the risk of the

purchaser in the manner prescribed for default of payment of one-tenth value in clause 5 *supra*.

9. No timber lot shall be permitted to be removed by the purchaser unless it has been paid for in full, calculated at the rates at which the timber is knocked down to him at the time of sale, excluding the 10 per cent deposit paid for the lot at the time of the sale; and no timber shall be removed from the Depot unless a permit is obtained from the Forest Officer in charge of the Depot. The earnest money will not adjusted towards the value of timber, unil 90 per cent of the purchase money over and above the security deposit has been paid.

10. Timber purchased should be removed as early as possible and in no case should it be allowed to remain longer than 90 days after the dates fixed in clause 7 *supra*. Timber not removed after purchase, will remain in the Depot at the risk of the purchaser from the date of the confirmation of the sale.

11. If the timber is not removed within the time allowed, the same may, after ten days' notice to the purchaser, be sold in public auction and the proceeds will be given to the purchaser after defraying all the expenses in connection with the resale.

12. The deposit of Rs. 200 will remain as security for the due fulfilment of all and every one of the terms of sale, on the breach of any of which by the purchaser, the District Forest Officer shall be entitled to forfeit the deposit in whole or in part and in the event of such forfeiture, the sum so forfeited shall be immediately made good by the purchaser so long as the transaction is not finally closed. The security deposit or the balance thereof, if any, shall be returned to the purchaser after the full value of timber purchased has been paid for and the timber fully removed.
